The ideal candidate will have experience in all aspects of SharePoint. This is a hands-on software engineering position requiring a results-oriented person with strong leadership skills, excellent problem-solving skills and excellent written and verbal communication skills. The candidate must be able to exercise mature judgment and manage multiple projects simultaneously in a fast-paced, dynamic environment. Attention to detail is critical.

REPRESENTATIVE DUTIES

- Perform system design.
- Coordinate and/or perform execution of test plans, conversion plans, and training plans.
- Apply best practices of software engineering, including proper code standards, proper testing, and proper release procedures.
- Develop and maintain documentation of SharePoint environment.
- Consult with key individuals to determine requirements, and communicate effectively with library and court employees.
- Provide oral and written status reports.
- Other duties as assigned by the supervisor (Library Systems Manager).

REQUIRED QUALIFICATIONS

- Applicant must be a high school graduate or equivalent.
- One year of Microsoft Office SharePoint Enterprise 2010 development and implementation experience, including experience, proficiency, and knowledge of content types, taxonomy, and search within SharePoint.
- Demonstrable experience in creating content types, web parts, forms, custom actions, and workflows using Microsoft SharePoint Designer and Visual Studio.
- Familiarity with XML (Extensible Markup Language), XSLT (Extensible Stylesheet Language Transformations), and ASPX (Active Server Pages).
- Excellent oral and written skills, including presentation skills.
- Ability to translate highly technical terms and jargon for non-technical staff.
- Ability to travel as needed.
- Applicant must be a United States citizen or eligible to work for the federal government.

PREFERRED QUALIFICATIONS AND SKILLS

- Bachelors degree in a related field.
- Experience in a library environment and familiarity with the basic functions of libraries; experience implementing SharePoint in a law or government environment will also be considered.
- Experience with Microsoft SQL Server Management Studio and Microsoft Internet Information Server (IIS) 7.5 administration.
- Knowledge of Lotus Notes.
- Aptitude for performing functions requiring a high degree of accuracy and careful attention to detail.
- Experience working with people at all levels.
- Ability to handle occasional moderate physical activity.
