Re: *State v. Wood*

Dear Counsel:

This letter is to inform you that, should the Arizona Supreme Court grant the pending motion for warrant for execution, the Arizona Department of Corrections ("ADC") will use Midazolam and Hydromorphone in a two-drug protocol. See Department Order 710, Attachment D, Chart C at <http://www.azcorrections.gov/Policies/700/0710.pdf>. In the event ADC is able to procure Pentobarbital, ADC will provide notice of its intent to use that drug in accordance with Department Order 710, Attachment D at (C)(1).

Sincerely,

Jeffrey A. Zick

Dear Director Ryan:

I am writing to you on behalf of Pete Carl Rogovich and Joseph Rudolph Wood, III, to ask you certain questions about ADC's intention to execute Messrs. Rogovich and Wood, as those intentions have been expressed by the Office of the Arizona Attorney General in court filings and in a letter to Mr. Wood's counsel, as well as in a press release the Attorney General recently issued.

With respect to specific actions in Mr. Wood's case: on April 22, 2014, the State filed a motion for a warrant of execution.¹ On that same day, Jeffrey Zick, Chief Counsel, Capital Litigation Section, sent a letter to Mr. Wood's counsel stating that ADC intends to use the newly created drug protocol involving midazolam and hydromorphone.² In his letter, Mr. Zick also noted that if "ADC is able to procure Pentobarbital, ADC will provide notice of its intent to use that drug"³

In terms of my questions about the Attorney General's press release, I refer you to his release of March 26, 2014.⁴ There, Mr. Horne explained that ADC is now authorized to use a two-drug protocol (*i.e.*, the protocol to which Mr. Zick referred in his letter to

¹ Mot. for Warrant of Execution, *State v. Wood*, No. CR-91-0233-AP (Ariz. Sup. Ct.), filed April 22, 2014.

Ms. Hall). The Press Release also stated, "The two-drug protocol has already been used in Ohio, and Arizona will be using an even greater concentration." The Press Release does not state how ADC decided on the amounts of midazolam (50 mg) or hydromorphone (50mg).⁵ Moreover, the Press Release said, "Because of Arizona's confidentiality law (A.R.S. § 13-757(C)) the compound pharmacist and/or company that provides these drugs to the Arizona Department of Corrections will remain confidential."

As a result of these documents, I have several questions for you, the answers to which will enable counsel to properly advise Messrs. Rogovich and Wood about their potential executions. Therefore, I ask that you provide me with the following information pertaining to the lethal drugs that ADC currently possesses, as well as those that ADC intends to procure or is attempting to procure.

I. Execution protocol with midazolam and hydromorphone⁶

- A. Please provide me with documentation indicating why the amounts differ from the amounts used in Ohio. Please also provide documentation explaining how ADC chose the amounts of midazolam and hydromorphone.
- B. Please provide me with the name of the manufacturer; the source of the midazolam and the hydromorphone, including whether these two drugs are from domestic or foreign sources; proof that the drugs are approved by the Food and Drug Administration (FDA); and—if the drugs are not FDA-approved—the legal authority for your acquisition and possession of these drugs.
- C. If ADC intends to use midazolam or hydromorphone that is not FDA-approved, please provide the source of those drugs. In particular, if ADC intends to use compounded drugs, please identify the name of the pharmacy and the state(s) in which the pharmacy is registered, as well as the pharmacist (or other personnel), that will provide the compounded drugs.

D. Please provide me with the credentials⁷ of each IV Team member with respect to the Drug Enforcement Agency (DEA) registrations that authorize IV Team members to handle controlled substances, and the same information for all other persons responsible for handling the drugs before, during, and after executions.

II. Execution protocol with pentobarbital⁸

Mr. Zick's letter to Ms. Hall appears to indicate that ADC continues to try to procure pentobarbital.⁹ If this is the case, please provide me with the following information.

A. Please explain why ADC has announced its intention to use Chart C (the two-drug protocol) if it has not actually fully committed to that course.

B. Please explain what methods ADC is using to locate pentobarbital.

C. Please tell me how long ADC intends to continue its search for pentobarbital.

D. If ADC finds a source of pentobarbital, when that source is identified will you agree to provide me with the name of the manufacturer; the source of the pentobarbital, including whether the drug is from a domestic or foreign source; proof that the drug is approved by the Food and Drug Administration (FDA); and—if the drug is not FDA-approved—the legal authority for your acquisition and possession of the drug.

E. If ADC intends to use non-FDA-approved pentobarbital, when the source is identified will you agree to provide the source of that drug. In particular, if ADC intends to use compounded pentobarbital, please identify the name of the pharmacy and the state(s) in which the pharmacy is registered, as well as the pharmacist (or other personnel), which will provide the compounded drug.

F. Please provide me with the credentials¹⁰ of each IV Team member with respect to the Drug Enforcement Agency (DEA) registrations that authorize IV Team members to handle controlled substances, and the same information for all other persons responsible for handling the drugs before, during, and after executions.

The information I am requesting is critical in advising Messrs. Rogovich and Wood regarding their potential executions. And as you are aware, addressing these issues at the last minute is extremely difficult.¹¹ Therefore, your prompt response will be greatly appreciated. Additionally, please consider this request to be an ongoing one: at any time that ADC obtains new information pertaining to my request, please promptly provide me with that information.

Dear Director Ryan:

On April 30, 2014, I sent you a request for certain information about the drugs and personnel that ADC intends to use in the execution of Joseph Rudolph Wood, III.¹ You responded on May 6, 2014, with some of the information I requested.² As a result of your letter, I now write to ask for clarification and for additional information.

My first request pertains to the source of ADC's supply of midazolam and hydromorphone. As you know, I asked whether ADC intends to use FDA-approved drugs, and I asked you to provide me with the name of the manufacturers of the drugs, as well as the lot numbers and expiration dates of those drugs.³ In your response, you declined to provide any information other than an avowal that ADC intends to use domestically obtained, FDA-approved drugs.⁴ You also asserted ADC's position that Arizona Revised Statutes section 13-757(C) "protects the identity of the source of the drugs";⁵ that position, however, contradicts ADC's previous releases of the same information.⁶ Moreover, ADC's position stands in contradiction to the ruling in *Schad v.*

Brewer,⁷ in which the United States district court ordered ADC to turn over information about the name of the manufacturer of the drug that ADC intended to use in Mr. Schad's execution, as well as information detailing NDCs (National Drug Codes), lot numbers, and expiration dates for the drug.⁸ ADC did not appeal this order, and turned over the information in a publically filed document.⁹ Therefore, in light of ADC's previous actions, and because the information is crucial to our client, I again ask that you provide me with this public information at your earliest convenience. Additionally, I ask that you include the NDCs of the drugs (as you have done in previous matters).

My second request relates to ADC's process of determining the amounts of midazolam and hydromorphone listed in ADC's lethal-injection protocol. In my letter, I asked for documents detailing ADC's research on this issue.¹⁰ In your response, you stated that "ADC relied on declarations and sworn testimony provided in the Ohio Execution Protocol litigation"¹¹ While I appreciate this information, I now reiterate my request for the actual documents you relied upon. Moreover, if ADC relied on sources of information other than the documents to which you referred in your letter, please provide documentation of that information as well. Finally, please provide documentation of the manner in which ADC selected the material on which it relied. (If no documents exist, then please explain the selection method.)

My third request relates to Jeffrey Zick's statement that ADC intends to use the two-drug protocol (midazolam and hydromorphone), but also indicating that "if ADC is able to procure pentobarbital," ADC intends to use that drug.¹² In my letter, I asked you why ADC stated that it intends to use the two-drug protocol, given that ADC apparently continues its search for pentobarbital. Your letter did not clarify the issue; instead, you made the following statements:

dated July 14, 2011 from Office of the Att'y Gen. to Dan Barr, *Office of the Fed. Pub. Defender v. ADC*, N. LC 2011-000344-001 DT (Ariz. Super. 1. “ADC *will use* Midazolam and Hydromorphone in a two-drug protocol in the event a warrant of execution is issued for inmate Joseph Wood (#086279).”¹³
2. “Your suggestion that ADC is not ‘fully committed to that course [the two-drug protocol] is misplaced.’”¹⁴
3. “ADC will continue to look for a source of pentobarbital indefinitely. If successful, you will be notified in accordance with the protocol.”¹⁵
4. “I can tell you . . . that the drugs the ADC intends to use in the event a warrant of execution is issued for inmate Wood *have been* domestically *obtained* and are FDA approved.”¹⁶

I do not understand why you believe that my suggestion that ADC has not committed to the two-drug protocol is “misplaced”—on the one hand, ADC “*will use* Midazolam and Hydromorphone”;¹⁷ on the other hand, “ADC will continue to look for a source of pentobarbital indefinitely.”¹⁸ And, you indicated that ADC has already obtained the drugs. I therefore ask that you explain whether ADC “will use” the two-drug protocol, or whether it will not.

My final request is one that I did not make in my original letter: I ask that you provide me with documentation of the credentials of the medical professional¹⁹ who will participate in Mr. Wood’s execution. I ask because the Arizona Attorney General has recently brought the issue of femoral-vein access to the news, in light of the “horror show”²⁰ of Oklahoma’s recent execution of Clayton Lockett. General Horne is reported to have said that a horrific outcome is not possible here, because “in Arizona, to prevent that, if we think there’s a problem with the vein, we go to the femoral vein in the thigh.”²¹

Charles Ryan, Director

Moreover, Jeffrey Zick stated that the Oklahoma situation was a result of Mr. Lockett's "ruptured vein," which resulted in the drugs "going into soft tissue."

But General Horne's words provide no assurances to Mr. Wood, because the Oklahoma execution appears to have relied on the same type of femoral-vein access that, according to General Horne, make Arizona's execution protocol different from and more safe than Oklahoma's.²² And that fact makes Mr. Zick's comments especially crucial: if the doctor setting the femoral-vein catheter is not qualified, then drugs will "go[] into soft tissue."

In light of these comments, the importance of the credentials of ADC's medical-professional-executioner is critically important to Mr. Wood. As you know, the matter of the credentials and qualifications of ADC's doctor-executioner has been an issue in the past. Two years ago, the United States District Court found that ADC "maintained no documentation concerning [the doctor-executioner's] qualifications and did not conduct a professional license or criminal history check before selecting him to participate on the Medical Team or before each execution."²³

That unvetted doctor executed several Arizona prisoners by introducing drugs through femoral-vein catheters—instead of peripheral catheters, and in violation of ADC's protocol—"because in his opinion 'it's more reliable' and 'would be less likely to cause discomfort to the inmate.'"²⁴ But the doctor's opinion that surgery would cause less discomfort than peripheral catheters is not only incorrect in general,²⁵ but also because the doctor himself was unable to do the surgical procedure appropriately. Thus,

It's more comfortable. It's effective. It works."); *id.* at 58:21-59:3 (explaining that a central line is *not* less likely to cause pain and discomfort, because the central line is a "more painful procedure . . .").

for example, he “punctured the skin at least twice and did not administer additional lidocaine [a local anaesthetic] after the first attempt at setting the line was unsuccessful [in the executions of two prisoners].”²⁶ Moreover, the doctor set the catheters incorrectly—often facing the wrong direction.²⁷

Given these concerns, then, and given the Attorney General’s belief that femoral-vein access is important for avoiding execution situations like the one in Oklahoma, I ask that you provide me with 1) evidence that ADC has conducted the required background check and licensing review, and 2) documentation of the doctor-executioner’s qualifications.

I appreciate your prompt and thorough attention to my requests. As always, if you have any questions, please don’t hesitate to contact me.

Dear Director Ryan:

On April 22, 2014, the State of Arizona asked the Arizona Supreme Court to issue a warrant of executions for Joseph Rudolph Wood III¹ and Pete Carl Rogovich. As a result of that request, I sent you a letter on April 30, 2014, asking for certain information and documents pertaining to Mr. Wood's potential execution.² I asked you to provide data about the provenience of the lethal-injection drugs that ADC intends to use; to provide documentation explaining how ADC chose the amounts of the drugs it lists in its two-drug protocol; and to provide documentation that confirms that each and every person who will handle or who is expected to handle controlled substances has proper DEA authorization to do so.³ You responded on May 6, 2014, declining to provide most of the information for which I asked,⁴ and I sent follow-up letters on May 9 and May 15, 2014.⁵

The information I have requested is relevant to the potential execution of Mr. Wood; the information therefore implicates his constitutional rights, including but not limited to, due process and the Eighth Amendment. I am therefore writing to demand that you preserve all documents, tangible things, and electronically stored information ("ESI") potentially relevant to these issues. This letter therefore provides notice that litigation is anticipated; consequently, ADC is legally required to suspend all routine, automated and regular policies for retention and deletion of paper or electronically stored information. Further, this letter demands that immediate steps be taken to communicate the legal duty requiring preservation of paper and electronically stored information to any and all ADC personnel who may be in possession of or have access to such information. Immediate steps must be taken to assure that ADC personnel are prevented from deleting any electronically stored information. *See Riley v. Prescott*, No. CV-11-08123-PCT-JAT, __ F.R.D. __, 2014 WL 641632, at *18 (D. Ariz. (citing *Apple Inc. v. Samsung Elecs. Co., Ltd.*, 881 F.Supp. 2d, 1132, 1137 (N.D. Cal 2012)).

Specifically, I ask that you and your staff preserve, at a minimum, the following items of ESI:

1. All electronic mail with metadata (including message contents, header information, and logs of electronic mail usage) containing information I identified in my three letters;⁶
2. All data bases (including all records and field structural information) containing any reference to the information I identified in my Request Letters;

3. All logs of activity on any computer system which may have been used to process or maintain electronically stored information that contains any reference to the information I identified in my Request Letters;
4. All word processing files and file fragments containing any reference to the information I identified in my Request Letters;
5. All files and file fragments containing information from electronic calendars and scheduling programs containing any reference to the information I identified in my Request Letters;
6. All electronic data files and fragments created or used electronic spreadsheet programs where such data files contained any reference to the information regarding I identified in my Request Letters.
7. All voicemails, including but not limited to message headers, relating to the information I identified in my Request Letters; and,
8. To the extent not included in the foregoing, any and all other electronically stored information containing, arising from, or relating to, or relationship with the information I identified in my Request Letters.

Please retain and preserve all backup tapes or other storage media, whether on-line or off-line, and refrain from overwriting or deleting information contained thereon, which may contain the ESI identified above.

ESI should be afforded the broadest possible definition and includes (by way of example and not as an exclusive list) potentially relevant information electronically, magnetically, or optically stored as:

- Digital communications (e.g., email, voice mail, instant messaging);
- Word processed documents (e.g., Word or WordPerfect documents and drafts);
- Spreadsheets and tables (e.g., Excel or Lotus worksheets);
- Image and Facsimile Files (e.g., images);
- Sound Recordings (e.g., .WAV and .MP3 files);
- Video and Animation (e.g., .AVI and .MOV files);
- Databases (e.g., Access, Oracle, SQL Server data, SAP);
- Contact and Relationship Management Data (e.g., Outlook, .ics);
- Calendar and Diary Application Data (e.g., Outlook PST, Yahoo, .ics);

- Online Access Data (e.g., Temporary Internet Files, History, Cookies);
- Network Access and Server Activity Logs;
- Back Up and Archival Files (e.g., Zip, .GHO)

This demand covers for preservation of ESI includes information stored on current and former computer systems (both official and personal), voicemail systems, mobile devices (including but not limited to smartphones, iPads and other tablets, and flip-phones) (both official and personal), and data stored in the cloud (both official and personal).

Lastly, my demand also extends to preservation of paper documentation and other tangible things.

It is imperative that you employ proper forensic techniques and procedures to assure the preservation of the relevant ESI, as the failure to do so can itself result in the destruction of evidence. *Gates Rubber Co. v. Dear Director Ryan:

I am writing to follow up on my recent letters¹ to you asking for information pertaining to the potential executions of Joseph Rudolph Wood, III² and Pete Carl Rogovich. Specifically, I write to reiterate my request for information about the type and source of drugs ADC intends to use; information about the DEA registration of all persons who will handle, or who will potentially handle, controlled substances;³

² The State of Arizona's Mot. for Warrant of Execution, *State v. Wood*, No. CR-91-0233-AP (Ariz. Sup. Ct.), filed Apr. 22, 2014.

³ In your response to me of May 9, you stated that "the qualifications of the IV team as set forth in Department Order 710.02-1.2.5 have not changed since the ADC amended the protocol in September, 2013, to include assurances of the IV team's qualifications." However, that statement does not fully address my concerns. First, the protocol only calls for a "review of the proposed [IV] team member's qualifications, training, experience, and/or any professional license(s) and certification(s) *they may hold*." Dep't Order 710, section 710.02, 1.2.5.2 (emphasis added). The protocol does not require that they have DEA registrations for handling controlled substances.

Moreover, this provision of the protocol only addresses the IV team members; I am asking for documentation that demonstrates the authorization for *all* persons who will handle or will potentially handle controlled substances (e.g., the person(s) who bring the

documents that ADC relied on in developing the two-drug protocol; and information about the credentials of the medical professional who will be responsible for, *inter alia*, setting a femoral catheter.

In addition to the categories I previously asked about, I ask that you add the following categories of information to my request.

1. All documentation relating to any communications with the staff or agents of any departments of corrections of any other states; with the Federal Bureau of Prisons; or with any other federal agency, on the topic of any lethal-injection protocol—whether those protocols are official, in draft version, or in any other stage of development.
2. All documentation relating to any source of lethal-injection drugs, including communications with departments of corrections in any jurisdiction (state or federal).
3. All documentation relating to communications with staff or agents of any departments of corrections in any jurisdiction (state or federal) about Oklahoma's April 29, 2014, execution of Clayton Lockett (whether those communications occurred before, during, or after the execution).
4. All documentation relating to communications with staff or agents of any departments of corrections in any jurisdiction (state or federal) about Ohio's January 16, 2014, execution of Dennis McGuire (whether those communications occurred before, during, or after the execution).
5. All documentation relating to travel or potential travel by staff or agents of ADC to other jurisdictions (state or federal) to observe, assist with, or otherwise participate in executions outside of Arizona;
6. All documentation relating to travel or potential travel by staff or agents of any other department of corrections (state or federal) to Arizona or other jurisdictions to observe, assist with, or otherwise participate in executions.

drugs to the execution room; those who clean up after the execution and fill out the controlled-substances inventory; etc.).

7. All documentation relating to communications relating to refusals to provide information about lethal-injection drugs or protocols from litigants or the public.
8. All documentation relating to communications with any Arizona state agency about any of these topics.⁴
9. All documentation relating to communications with staff or agents of any federal agency about any of these topics.

These requests cover the time period covering September 1, 2013, through the present date. Additionally, my request is an ongoing one; therefore, if you continue to obtain documents relevant to this request, please provide them to me as you receive them.

If you have any questions about these requests, please do not hesitate to contact me. I look forward to hearing from you.

Dear Mr. Baich:

In response to your letter of April 30, 2014, I reiterate that the Arizona Department of Corrections ("ADC") will use Midazolam and Hydromorphone in a two-drug protocol in the event a warrant of execution is issued for inmate Joseph Wood (#086279). Your suggestion that ADC is not "fully committed" to that course is misplaced. With regard to your request for documents relating to "how ADC chose the amounts of midazolam and hydromorphone," the ADC relied on declarations and sworn testimony provided in the Ohio Execution Protocol litigation (Case No 2:11-CV-1016) out of the Southern District of Ohio.

ADC's position that A.R.S. § 13-757(C) protects the identity of the source of the drugs has not changed. I can tell you, however, that the drugs the ADC intends to use in the event a warrant of execution is issued for inmate Wood have been domestically obtained and are FDA approved. Similarly, the qualifications of the IV team as set forth in Department Order 710.02-1.2.5 have not changed since the ADC amended the protocol in September, 2012, to include assurances of the IV team's qualifications. Based in significant part on these additions, as well as other changes that demonstrate ADC's commitment to transparency in the process, you dismissed the constitutional challenge to ADC's execution protocol in *Towery v. Brewer*, 2:12-CV-00245-NVW.

ADC will continue to look for a source of pentobarbital indefinitely. If successful, you will be notified in accordance with the protocol (See Attachment D, Subsection (C)(2)).

Regards,

**FEDERAL PUBLIC DEFENDER
CAPITAL HABEAS UNIT**

Dear Mr. Baich:

This letter is in response to your letters of May 9 and May 15, 2014, requesting information about the source of the drugs the Arizona Department of Corrections (ADC) intends to use in the execution of inmate Joseph Wood (#086279), as well as information pertaining to the "credentials" of personnel who will be responsible for setting a femoral line in the event one is used. Your request for records, although not submitted as a public records request, has been construed as such and responsive records are attached. The records have been redacted pursuant to A.R.S. § 13-757(C).

With respect to your request for information regarding the credentials of the IV team, Department Order 710.02 at Section 1.2.5.4 clearly states that a central femoral line will not be used unless the person placing the line is currently certified or licensed within the United States to place a central line. Pursuant to Section 1.2.5.2 of Department Order 710, the certification and/or licensing of the IV team were verified by the Inspector General's Office prior to their selection and have been re-verified since the warrant issued. Thus, in the event a central femoral line is used for the scheduled execution of inmate Wood on July 23, 2014, it will be placed by a person who is currently certified or licensed to place not only peripheral IV lines, but also a central femoral line.

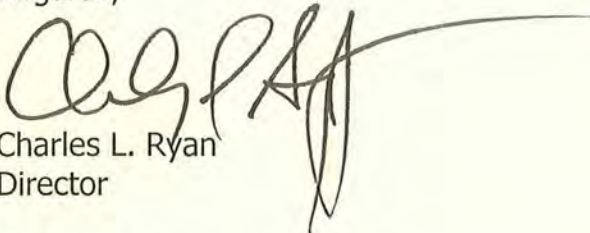

Your challenge to the credentials of the IV team members is curious given that this issue was raised in *Towery v. Brewer*, 2:12-CV-00245-NVW, and based on ADC's revisions to the protocol, specifically with regard to the qualifications of the IV team, you dismissed that challenge.

With regard to your request for records relating to ADC's addition of the two-drug protocol of hydromorphone and midazolam, as I stated in my letter of May 6, 2014,

Mr. Dale Baich
June 6, 2014

responsive records can be found in the public record in Case No. 2:11-CV-1016 in the Southern District of Ohio. The Federal Public Defender's Office represented the inmate in that case so undoubtedly you have access to those documents.

I'm not a resident of your state so my opinion doesn't probably matter to you. But consider this: The whole world saw what you did. In my humble opinion you're no better than the guy you killed. How will you explain to your god that you were just following orders? You are a cruel and inhumane murderer. Hell awaits.

Governor

**EXECUTIVE DEPARTMENT
EXECUTIVE ORDER 2014-11**

I, Mary Fallin, Governor of the State of Oklahoma, pursuant to the power vested in me by Sections 1 and 2 of Article VI of the Oklahoma Constitution, hereby appoint Michael C. Thompson, Commissioner of the Oklahoma Department of Public Safety, to conduct an independent review of the events leading up to and during the execution of Clayton Derrell Lockett. The review shall include first, an inquiry into the cause of death of Clayton Derrell Lockett through a thorough examination by a forensic pathologist. Second, an inquiry addressing whether the Oklahoma Department of Corrections correctly followed the agency's current protocol for executions. Lastly, the review shall contain any recommendations to improve the current execution protocol used by the Oklahoma Department of Corrections.

Further, pursuant to the authority in Title 63 section 938 of the Oklahoma Statutes, I direct the Chief Medical Examiner to authorize the examination and autopsy of Clayton Derrell Lockett. Specifically, I hereby direct the Chief Medical Examiner to authorize the Southwestern Institute of Forensic Science (SWIFS) in Dallas, Texas to perform the autopsy, additional examination, and all other related testing on the remains of Clayton Derrell Lockett. In order to effectuate this examination, I direct the Office of the Chief Medical Examiner to transport the remains of Clayton Derrell Lockett to and from this facility for this purpose. The Chief Medical Examiner is ordered to appropriately maintain the remains of Clayton Derrell Lockett until released to his family.

Copies of this Executive Order shall be distributed to the Commissioner of the Oklahoma Department of Public Safety, the Executive Director of the Oklahoma Department of Corrections, the Oklahoma Office of the Chief Medical Examiner, the Southwestern Institute of Forensic Science in Dallas, Texas, and the Oklahoma Attorney General who shall cause the provisions of this order to be implemented by all appropriate agencies of state government.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Oklahoma to be affixed at Oklahoma City, Oklahoma, this 30th day of April, 2014.

Governor Mary Fallin Orders Independent Review of Execution Protocols

OKLAHOMA CITY — Oklahoma Governor Mary Fallin today issued the following statement regarding last night's execution of Clayton Lockett, the upcoming execution of Charles Warner, and the implementation of an independent review of the Oklahoma Department of Corrections' execution protocols. The governor also signed an executive order (see attached) authorizing the review, which will be led by Department of Public Safety Commissioner Michael Thompson.

"Last night, the state executed Clayton Lockett. In 1999, Clayton Lockett physically assaulted, kidnapped, and shot Stephanie Neiman, and then had an accomplice bury her alive in a shallow grave. He also repeatedly raped a second woman.

"He was convicted in a fair trial by a jury of his peers. He was then sentenced to death. He appealed his execution, and that appeal was rejected by both the Oklahoma Supreme Court and the Oklahoma Court of Criminal appeals. He had his day in court.

"I believe in the legal process. And I believe that the death penalty is an appropriate punishment for those who commit heinous crimes against their fellow men and women. However, I also believe the state needs to be certain that its protocols and procedures for executions work.

"For that reason, I asked last night for a review of the Department of Correction's execution protocols. After consulting further with DOC Director Robert Patton, we agree that an independent review of DOC procedures would be most effective and appropriate. Therefore I have asked Department of Public Safety Commissioner Michael Thompson to lead that independent review of the state's execution procedures.

"That review will focus on three areas:

- "First, Clayton Lockett's cause of death. Commissioner Thompson has informed me that the state Medical Examiner's office will authorize an independent pathologist to make that determination.*
- "Second, the review will determine whether or not the Department of Corrections followed the current protocol for executions.*
- "Third, Commissioner Thompson will develop recommendations to improve execution protocols for the Department of Corrections.*

"I expect the review process to be deliberate and thorough. It will be the first step in evaluating the state's execution protocol. My office and the Department of Corrections will communicate with the Attorney General's office on any possible additional steps in the future.

"To allow for Commissioner Thompson's review process to be completed before any further executions, last night I issued an executive order staying the execution of Charles Warner until May 13th. I have not given Commissioner Thompson a deadline to complete his review. If he has not completed his review by May 13th, an additional stay will be issued. If there are adjustments that need to be made to the state's execution protocols, those adjustments will be made.

"Charles Warner had his day in court. He committed a horrible crime: the physical abuse, rape and murder of an 11 month old infant. His fellow Oklahomans have sentenced him to death, and we expect that sentence to be carried out as required by law."

Dear Mr. Baich:

In response to your letter of April 30, 2014, I reiterate that the Arizona Department of Corrections ("ADC") will use Midazolam and Hydromorphone in a two-drug protocol in the event a warrant of execution is issued for inmate Joseph Wood (#086279). Your suggestion that ADC is not "fully committed" to that course is misplaced. With regard to your request for documents relating to "how ADC chose the amounts of midazolam and hydromorphone," the ADC relied on declarations and sworn testimony provided in the Ohio Execution Protocol litigation (Case No 2:11-CV-1016) out of the Southern District of Ohio.

ADC's position that A.R.S. § 13-757(C) protects the identity of the source of the drugs has not changed. I can tell you, however, that the drugs the ADC intends to use in the event a warrant of execution is issued for Inmate Wood have been domestically obtained and are FDA approved. Similarly, the qualifications of the IV team as set forth in Department Order 710.02-1.2.5 have not changed since the ADC amended the protocol in September, 2012, to include assurances of the IV team's qualifications. Based in significant part on these additions, as well as other changes that demonstrate ADC's commitment to transparency in the process, you dismissed the constitutional challenge to ADC's execution protocol in *Towery v. Brewer*, 2:12-CV-00245-NVW.

ADC will continue to look for a source of pentobarbital indefinitely. If successful, you will be notified in accordance with the protocol (See Attachment D, Subsection (C)(2)).

Re: Public Records Request

Dear Ms. Flood:

This letter is in response to your letter of September 17, 2013, addressed to Director Ryan and copied to me, requesting records under Arizona's public records law "concerning the lethal-injection drugs ADC plans to administer to Edward Harold Schad, Jr., #070566, . . . and Robert Glen Jones, Jr., #040496 . . ." Records responsive to your request are attached. The remaining information you seek, to the extent ADC has such records, is confidential and not subject to disclosure pursuant to A.R.S. § 13-757(C).

Your contention that the Federal District Court's opinion in *Landrigan v. Brewer*, 2010 WL 4269559, D. Ariz. (2010), compels the disclosure of the "identity of manufacturers, pharmacies, and distributors from whom ADC procured lethal injection drugs" is misplaced. The United States Supreme Court vacated that decision in *Brewer v. Landrigan* ___ U.S. ___, 131 S. Ct. 445 (2010). Thus, it is not controlling here.

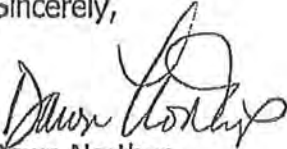

With regard to your request that the Arizona Department of Corrections ("ADC") reproduce documents provided to the Office of the Public Defender during the discovery process in *West v. Brewer*, the ADC is not required to reproduce documents provided through the formal discovery process in response to a public records request. As stated in your letter, the Office of the Federal Public Defender received the documents produced by the ADC's counsel in *West v. Brewer*, and presumably the Office of the Federal Public Defender, which currently represents inmates Schad and Jones, has those documents and must comply with any restrictions relating to their dissemination. The public records statute is not an appropriate means by which to seek information produced in prior litigation under the federal discovery rules.

Finally, the ADC is under no obligation to reproduce documents already provided in response to a prior public records request. If you could provide the 2011 public records

request you reference, it would facilitate our review of that request, as well as the response provided. Based on the general nature of your request, it is virtually impossible to comply with, and certainly not within your 3-day deadline.

Re: Public Records Request

Dear Ms. Flood:

Thank you for clarifying your September 17, 2013 public records request. ADC disagrees with your assertion that any portion of the Federal District Court's decision in *Landrigan v. Brewer*, 2010 WL 4269559, D. Ariz. (2010), remains intact following the United States Supreme Court's decision in *Brewer v. Landrigan* ___ U.S. ___, 131 S. Ct. 445 (2010), vacating that decision. Federal law does not compel the ADC to disclose information that is deemed confidential by state statute.

Attached is an additional, redacted record responsive to your request. The information that has been redacted is confidential pursuant to A.R.S. § 13-757(C). The attached record, together with the records previously sent on September 20, 2013, are the complete records in ADC's possession that are responsive to your public records request.

Sincerely,

Dawn Northup

PURPOSE

This Department Order establishes procedures for planning and carrying out the execution of a person convicted of a capital offense and sentenced to death. These procedures shall be followed as written unless deviation or adjustment is required, as determined by the Director of the Arizona Department of Corrections (Department). This Department Order outlines internal procedures and does not create any legally enforceable rights or obligations.

RESPONSIBILITY

The Department ensures the execution of a person sentenced to death under State law by a court of competent authority and jurisdiction is carried out in keeping with statute, case law and professional practices.

The Department shall make every effort in the planning and preparation of an execution to ensure the execution process:

- Faithfully adheres to constitutional mandates against cruel and unusual punishment.
- Is handled in a manner that minimizes its impact on the safety, security and operational integrity of the prison and the community in which it occurs.
- Accommodates the public's right to obtain certain information concerning the execution.
- Reasonably addresses the privacy interests of persons as provided by law.
- Provides contingency planning to identify and address unforeseen problems.
- Allows for stays of execution, commutations and other exigencies up to the time that the sentence is imposed.
- Provides opportunity for citizens to exercise their First Amendment rights to demonstrate for or against capital punishment in a lawful manner.
- Ensures there is an appropriate response to unlawful civil disobedience, trespass and other violations of the law by any person attempting to impact the execution or the operation of the prison.

The Department shall detain, seek the arrest and encourage prosecution of persons whose conduct includes:

- Violating prohibitions against filming, taping, broadcasting or otherwise electronically documenting the execution of the inmate.
- Trespassing and otherwise entering upon Department property without authorization.
- Participating in unlawful demonstrations or unlawfully attempting to disrupt, prevent and otherwise interfere with the execution.
- Unlawfully threatening, intimidating and otherwise attempting to influence authorized persons involved in the execution process.
- These prohibitions apply to the inmate population as well as department personnel and members of the general public engaging or attempting to engage in disruptive and other prohibited behaviors.

Participating staff shall adhere to the Department's Code of Ethics and Guided Principles, evidencing:

- Appropriate levels of professionalism, restraint and courtesy when interacting with witnesses, demonstrators, attorneys, news media, state and local law enforcement and any other member of the public directly and indirectly involved with the imposition of the sentence of death.
- All assigned duties are performed proficiently and professionally.
- Their ability to exercise the option to withdraw from the process by the prescribed means at any time.
- Conduct that appropriately reflects the solemnity of the activities in which they elect to engage and the duties they choose to perform.

- Reserving public comment on any and all facets of the execution except as expressly provided in Department Order #201, Information Release.
- Any Department employee who learns of identifying information regarding any person who participates in or performs any function of an execution must keep that information confidential.

IMPORTANT GUIDELINES REGARDING CONFIDENTIALITY AND VOLUNTARINESS OF PARTICIPATION IN AN EXECUTION:

- The anonymity of any person, as defined in A.R.S. 1-215(28) and A.R.S. 13-105(30), who participates in or performs any ancillary function(s) in the execution, including the source of the execution chemicals, and any information contained in records that would identify those persons are, as required by statute, to remain confidential and are not subject to disclosure. A.R.S. 13-757 (C).
- All team members serve on a strictly voluntary basis. At any point before, during or after an execution any team member may decline to participate or participate further without additional notice and explanation or repercussion.
- The Division Director for Offender Operations shall ensure all team members understand and comply with the provisions contained herein.

PROCEDURES

710.01 COMPLEX AND DIRECTOR'S OFFICE RESPONSIBILITIES UPON RECEIPT OF WARRANT OF EXECUTION

1.1 Upon receipt of the Warrant of Execution from the Attorney General's Office:

1.1.1 General Counsel shall:

- 1.1.1.1 Notify the Director, Division Director for Offender Operations, the Wardens of ASPC-Florence and ASPC-Eyman or ASPC-Perryville, and the Media and Public Relations Office.
- 1.1.1.2 Forward the original Warrant of Execution to the Warden of ASPC-Florence;
- 1.1.1.3 Forward copies of the original Warrant of Execution to the Warden of ASPC-Eyman or ASPC-Perryville;
- 1.1.1.4 Notify the Victim Services Team Leader, who shall contact the victim(s) and inform them of the court's issuance of the Warrant of Execution.

1.1.2 The Director shall:

- 1.1.2.1 Select the time of execution and provide notice to the Arizona Supreme Court and the parties at least 20 calendar days prior to the execution date. (Arizona Rules of Criminal Procedures, Rule 31.17(c)(3)).
- 1.1.2.2 Notify the inmate that if the offense was committed prior to November 23, 1992, he shall choose in writing either lethal injection or lethal gas. If the inmate fails to choose either lethal injection or lethal gas, the penalty of death shall be inflicted by lethal injection (A.R.S. 13-757 (B)).

- 1.1.2.3 Have the authority, under exigent circumstances, to change the timeframes established in this Department Order.
- 1.1.3 The ASPC-Eyman or ASPC-Perryville Warden shall:
 - 1.1.3.1 Direct the inmate to submit the Inmate Witness and Notification Information, Form 710-2, to the Warden no later than 14 days prior to the scheduled execution date.
 - 1.1.3.1.1 Inform the inmate that two clergy and five other persons may be invited to be present at the execution.
 - 1.1.3.1.2 Notify the inmate that minors are prohibited from witnessing the execution pursuant to A.R.S. 13-758.
 - 1.1.3.1.3 Notify the inmate that requests for Department or contract staff to attend the execution shall be denied.
 - 1.1.3.1.4 Notify the inmate that requests for other inmates to attend the execution shall be denied.
 - 1.1.3.2 Direct the inmate to review and update as necessary the Notification in Case of Accident, Serious Illness or Death and Disposition of Property, Form 711-1. The Warden shall direct the inmate to provide any changes no later than 14 days prior to the execution. If the inmate provides no instruction, the property and accounts shall be disposed in accordance with Department Order #711, Notification of Inmate Hospitalization or Death.
 - 1.1.3.3 Advise the inmate that his/her body shall not be used for organ donation.
 - 1.1.3.4 Summarize the options available with the inmate for release and disposition of their body after the autopsy is performed. The Warden shall direct the inmate to review the previously completed Disposition of Remains, Form 710-3, and update as necessary no later than 14 days prior to the execution. If the inmate provides no information or the information is insufficient or incorrect the deceased shall be disposed in accordance with Department Order #711, Notification of Inmate Hospitalization or Death.
 - 1.1.3.5 Advise the inmate he may request a last meal by completing the Last Meal Request, Form 710-5, and returning it no later than 14 days prior to the execution. Reasonable effort shall be made to accommodate the request.

710.02 EXECUTION TEAM MEMBERS

- 1.1 The Division Director for Offender Operations shall:
 - 1.1.1 Establish a training schedule and identify dates for periodic on-site practice by the Housing Unit 9 Section Teams, to include 10 training scenarios within the 12 months preceding the scheduled execution.
 - 1.1.2 Conduct a minimum of two training sessions with multiple scenarios 2 days prior to the scheduled execution. The IV Team members shall participate in at least one training session with multiple scenarios within one day prior to the scheduled execution.
 - 1.1.2.1 All training sessions shall be documented and be included as part of a permanent record created by the ASPC-Florence Warden to be submitted to the Department's General Counsel for archive, post execution.
 - 1.1.3 Ensure periodic testing of all of the equipment in Housing Unit 9 occurs, affirming electrical, plumbing, heating and air conditioning units are in working order and the gas chamber is maintained.
- 1.2 The Division Director for Offender Operations provides for the planning and overall direction of all pre-execution, execution and post-execution activities. The Division Director coordinates the activities of the Southern and Northern Regional Operations Directors (SROD and NROD) and the ASPC-Eyman or ASPC-Perryville and ASPC-Florence Wardens who activate the following teams and oversee their activities, specifically:
 - 1.2.1 Command
 - 1.2.1.1 Consists of a minimum of three team members:
 - 1.2.1.1.1 Commander.
 - 1.2.1.1.2 Recorder.
 - 1.2.1.1.3 Telephone operator.
 - 1.2.1.1.4 Others as necessary.
 - 1.2.1.2 Team members are selected by the Division Director for Offender Operations with the documented approval of the Director.
 - 1.2.1.3 Its team leader is selected by the Division Director for Offender Operations.
 - 1.2.1.4 Primary function of Command is the overall coordination of execution procedures.

1.2.2 Housing Unit 9 Section

1.2.2.1 Consists of a section leader and two teams:

1.2.2.1.1 Restraint Team.

1.2.2.1.2 Special Operations Team.

1.2.2.2 Team leaders are selected by the Division Director for Offender Operations with the documented approval of the Director.

1.2.2.3 The section leader is the ASPC-Florence Warden.

1.2.2.4 Primary function of the section leader is the overall coordination of activities of the Restraint Team and the Special Operations Team to ensure compliance with conditions of confinement and application of approved procedures.

1.2.3 Restraint Team

1.2.3.1 Consists of seven team members divided into two teams of three and one team leader.

1.2.3.2 Its team members and the team leader are selected by the Division Director for Offender Operations with the documented approval of the Director.

1.2.3.3 Primary function of the Restraint Team is to provide continuous observation of the inmate on the day of the execution and apply appropriate restraint procedures and inmate management prior to, during and after the execution.

1.2.4 Special Operations Team

1.2.4.1 Consists of a minimum of five team members:

1.2.4.1.1 Team Leader.

1.2.4.1.2 Recorder.

1.2.4.1.3 Three additional team members.

1.2.4.2 Its team members and team leader are selected by the Division Director for Offender Operations with the documented approval of the Director.

1.2.4.3 The Special Operations Team Leader shall designate functions of the other team members, including the selection of a member to observe the procedure and serve as the Recorder.

1.2.4.4 Primary function of the Special Operations Team is to implement the protocols associated with the execution with its primary duty being the administration of the chemicals, and additionally mixing the chemicals under the direct supervision of the IV Team Leader.

1.2.5 Intravenous Team Members (IV Team)

1.2.5.1 The IV Team will consist of any two or more of the following: physician(s), physician assistant(s), nurse(s), emergency medical technician(s) (EMT's), paramedic(s), military corpsman or other certified or licensed personnel including those trained in the United States Military. All team members shall be currently certified or licensed within the United States to place IV lines.

1.2.5.2 The IV Team members shall be selected by the Director. Selection of any team member shall include a review of the proposed team member's qualifications, training, experience, and/or any professional license(s) and certification(s) they may hold. Licensing and criminal history reviews shall be conducted, by the Inspector General's Office prior to assigning or retaining any IV Team member and upon the issuance of a Warrant of Execution.

1.2.5.3 The Director shall designate the IV Team Leader. The Division Director for Offender Operations shall ensure all team members thoroughly understand all provisions contained herein as written and by practice.

1.2.5.4 The IV Team shall be responsible for inserting either peripheral IV catheters or a central femoral line as determined by the Director acting upon the recommendation of the IV Team Leader. The IV Team Leader shall ensure all lines are functioning properly throughout the procedure, supervise the Special Operations team in the mixing of the chemicals, preparing the syringes, and monitoring the inmate (including the level of consciousness and establishing the time of death). The IV Team Leader shall supervise the administration of the chemicals. A central femoral venous line will not be used unless the person placing the line is currently certified or licensed within the United States to place a central femoral line.

1.2.5.5 IV Team members shall only be required to participate in the training sessions scheduled for one day prior to the actual execution.

1.2.5.6 Documentation of IV Team members' qualifications, including training of the team members, shall be maintained by the Department Director or his designee.

- 1.2.6 Maintenance Response Team (MRT)
 - 1.2.6.1 Consists of three team members and a team leader, and reports to Command.
 - 1.2.6.2 Team members are selected by the ASPC-Florence Warden.
 - 1.2.6.3 Primary function of MRT is to test all Housing Unit 9 equipment utilized to impose the sentence of death and to ensure electrical, plumbing, heating and air conditioning units are in working order.
- 1.2.7 Critical Incident Response Team (CIRT)
 - 1.2.7.1 Consists of three team members and a team leader, and reports to Command.
 - 1.2.7.2 The leader is the Employee Relations Administrator or designee.
 - 1.2.7.3 Team members are CIRT responders and selected by the Employee Relations Administrator.
 - 1.2.7.4 Primary function of CIRT is to educate staff regarding possible psychological responses and effective coping mechanisms to affected staff at all levels in the Department prior to, during and after the execution. CIRT shall provide ongoing follow up contact to staff.
- 1.2.8 Traffic Control Team
 - 1.2.8.1 Consists of eight team members and a team leader, and reports to Command.
 - 1.2.8.2 Team members and the team leader are selected by the Division Director for Offender Operations.
 - 1.2.8.3 Primary function is to confer with state and local law enforcement agencies, establish check points and parameters for traffic control and formulate inter-agency emergency response strategies. The team also coordinates the ingress/egress for Department and contract staff and other persons whose attendance is necessary at ASPC-Eyman or ASPC-Perryville and ASPC-Florence. The Team's focus is the period of time starting twenty-four hours prior to the execution and concluding when normal activities resume after the execution.
- 1.2.9 Escort Team
 - 1.2.9.1 Consists of eight team members and a team leader, and reports to Command.
 - 1.2.9.2 Team members and the team leader are selected by the Division Director for Offender Operations.

- 1.2.9.3 Primary function is to coordinate the movement of all pre-approved witnesses on and off prison grounds and within its perimeter. One Escort Team is assigned to escort and assist pre-approved official, victim, media, and inmate witnesses. Escort team members always remain with witnesses within the established perimeter.

1.2.10 Victim Services Team

- 1.2.10.1 Consists of two team members and reports to the Escort Team leader.
- 1.2.10.2 The team leader is the Victim Services Office Administrator.
- 1.2.10.3 Primary function is to ensure victims of the crime that resulted in the imposition of death are informed of the execution date and their opportunity to witness the execution. The team explains the execution process. If the victim is interested in attending, the team submits the victim's name(s) for consideration.
- 1.2.10.4 Day of the Execution - The team leader meets with the victim(s) in a predetermined staging area and accompanies them throughout the process, including a briefing by the Director. The Team provides support and advocacy as appropriate.
- 1.2.10.5 If the victim(s) is interested in speaking with the media after the execution, the victim(s) is escorted to the Press Room for brief media availability.
- 1.2.10.6 Post-Execution - The team leader ensures the victim(s) receives follow up phone calls and support.

1.2.11 Population Assessment

- 1.2.11.1 Southern Region Operations Director:
 - 1.2.11.1.1 Is responsible for the coordination of monitoring and evaluation of inmate activity at ASPC-Eyman and ASPC-Florence.
 - 1.2.11.1.2 Continuously monitors and assesses the inmate population for any activity related to the execution or its impact on the prison's operation at ASPC-Eyman and ASPC-Florence.
- 1.2.11.2 ASPC-Perryville Warden:
 - 1.2.11.2.1 Is responsible for the coordination of monitoring and evaluation of inmate activity at ASPC-Perryville.

- 1.2.11.2.2 Continuously monitors and assesses the inmate population for any activity related to the execution or its impact on the prison's operation.

1.3 Designation of ADC Staff and Others Selected to Assist with the Execution

- 1.3.1 The ASPC-Eyman or ASPC-Perryville and ASPC-Florence Wardens shall review the current teams' rosters and recommend retention and replacement of staff and alternates to the Division Director for Offender Operations.
- 1.3.2 The Division Director for Offender Operations shall evaluate the teams' composition and the Wardens' recommendations and forward final recommendations to the Director.
- 1.3.3 In the selection and retention of section leaders and Housing Unit 9 team members, the Division Director for Offender Operations shall consider:
 - 1.3.3.1 No employee who was suspended or demoted in the past 12 months shall be considered. Any staff currently under investigation is also ineligible.
 - 1.3.3.2 Special consideration may be given to staff with pertinent specialized training and qualifications.
 - 1.3.3.3 Staff with less than two years employment with the Department shall not be considered.
 - 1.3.3.4 No staff serving on any team shall be related to the inmate by blood or marriage or have any other legal relationship with the inmate, their family or the crime victim(s).
- 1.3.4 Staff participation in the execution process is strictly voluntary. No Department employee is required to attend or participate in an execution. Any staff volunteers may withdraw from performing their assigned duties specific to the execution at any time by advising their Team Leader, advising a Team Member or advising their immediate Chain of Command. All staff participating in the execution shall be required to sign a Notice of Execution Involvement, Form 710-8.

710.03 COMMUTATION HEARING PROCEEDINGS

- 1.1 The Arizona Board of Executive Clemency (BOEC) shall:
 - 1.1.1 Contact the ASPC-Eyman or ASPC-Perryville Warden to arrange for the BOEC Executive Director or designee to meet with the inmate in person to advise the inmate that a commutation hearing may be held, and that the inmate may participate in the hearing in person or by submitting a written statement to the BOEC.

- 1.1.2 Advise the Department of its plans to convene a Commutation Hearing and its date and time. Upon receipt of the notice, the ASPC-Eyman or ASPC-Perryville Warden shall arrange for a location in which the Commutation Hearing will be held.
 - 1.1.2.1 If the BOEC Commutation Hearing is held at the prison, the Department shall:
 - 1.1.2.1.1 Require those in attendance to adhere to dress code as outlined in Department Order #911, Inmate Visitation.
 - 1.1.2.1.2 Comply with the open meeting laws as it applies to Board of Executive Clemency hearings pursuant to A.R.S. 38-431.08.

710.04 DESIGNATION OF WITNESSES BY DIRECTOR

- 1.1 The Director or designee shall be present during the execution.
 - 1.1.1 The Director shall invite:
 - 1.1.1.1 The Arizona Attorney General. A.R.S. 13-758.
 - 1.1.1.2 Twelve or more reputable citizens, including up to five Arizona-market media.

PREPARATION AND ADMINISTRATION OF CHEMICALS

A. Obtaining Chemicals and Equipment

1. Upon receipt of the Warrant of Execution, the Housing Unit 9 Section Leader shall:
 - I. Confirm the equipment for the procedure and ensure all equipment necessary to properly conduct the procedure is on site, immediately available for use and functioning properly.
 - II. Ensure all medical equipment, including a backup electrocardiograph is on site, immediately available for use and functioning properly.
 - III. Ensure that complete sets of chemicals are on site and immediately available for use.
 - IV. Ensure the chemicals are ordered, arrive as scheduled and are properly stored. The chemicals shall be stored in a secured, locked area that is temperature regulated and monitored to ensure compliance with manufacturer specifications, under the direct control of the Housing Unit 9 Section Leader.

B. Preparation of Chemicals

1. At the appropriate time, the Housing Unit 9 Section Leader shall transfer custody of the chemicals to the Special Operations Team to begin the chemical(s) and syringe preparation in the chemical room, under the direct supervision by the IV Team Leader.
2. The Special Operations Team Leader will assign a team member(s) to assist preparing each chemical and the corresponding syringe. The IV Team Leader will supervise the process. The IV Team Leader, with the assistance of the Special Operations Team members, shall prepare the designated chemical and syringes for a total of one complete set of chemicals. One full set of syringes is used in the implementation of the death sentence and an additional complete set of the necessary chemicals shall be obtained and kept available in the chemical room, but need not be drawn into syringes unless the primary dosages prove to be insufficient for successful completion of the execution.
3. The IV Team Leader, with the assistance of a Special Operations Team member, shall be responsible for preparing and labeling the assigned sterile syringes in a distinctive manner identifying the specific chemical contained in each syringe by i) assigned number, ii) chemical name, iii) chemical amount and iv) the designated color, as set forth in the chemical charts below. This information shall be preprinted on a label, with one label affixed to each syringe to ensure the label remains visible.

C. Chemical Charts; Choice of Protocol

1. Charts for all chemical protocols follow. The Director shall have the sole discretion as to which lethal chemical(s) will be used for the scheduled execution. This decision will be provided to the inmate in writing 20 calendar days prior to the scheduled execution date.
2. If compounded Pentobarbital is used it shall be obtained from a certified or licensed compounding pharmacist or compounding pharmacy in good standing with their licensing board. Licensing, certification, and criminal history reviews shall be conducted by the Inspector General's Office prior to obtaining the compounded Pentobarbital. A qualitative analysis of the compounded Pentobarbital to be used in the execution shall be performed no more than 30 calendar days prior to the execution date. The decision to use compounded Pentobarbital will be provided to the inmate in writing 20 calendar days prior to the scheduled execution.

CHART C: TWO-DRUG PROTOCOL WITH MIDAZOLAM AND HYDROMORPHONE

CHEMICAL CHART	
Syringe No.	Label
1A	60mL Heparin/Saline, BLACK
2A	50mg Midazolam and 50mg Hydromorphone, GREEN
3A	60mL Heparin/Saline, BLACK

- Syringe 2A, will have a dose of 50mg of Midazolam and 50mg Hydromorphone. The syringe containing Midazolam and Hydromorphone shall have a **GREEN** label which contains the name of each chemical, chemical amounts and the designated syringe number.
 - Syringes 1A, and 3A, each contain 60 ml. of a Heparin/Saline solution, at a concentration of 10 units of Heparin per milliliter, and shall have a **BLACK** label which contains the name of the chemical, chemical amount and the designated syringe number.
3. After the IV Team prepares all required syringes with the proper chemicals and labels as provided in the Chemical Chart, the IV Team Leader shall attach one complete set of the prepared and labeled syringes to the 2-Gang, 2-Way Manifold in the order in which the chemical are to be administered. The syringes will be attached to the 2-Gang, 2-Way Manifold in a manner to ensure there is no crowding, with each syringe resting in its corresponding place in the shadow board which is labeled with the name of the chemical, color, chemical amount and the designated syringe number.
 4. The syringes shall be affixed in such a manner to ensure the syringe labels are clearly visible. Prior to attaching the syringes to the 2-Gang, 2-Way Manifold, the flow of each gauge on the manifold shall be checked by the IV Team Leader running the Heparin/Saline solution through the line to confirm there is no obstruction.
 5. After all syringes are prepared and affixed to the 2-Gang, 2-Way Manifold in proper order, the Special Operations Team Leader shall confirm that all syringes are properly labeled and attached to the manifold in the order in which the chemicals are to be administered as designated by the Chemical Chart. Each chemical shall be administered in the predetermined order in which the syringes are affixed to the manifold.
 6. The quantities and types of chemicals prepared and administered may not be changed in any manner without prior documented approval of the Director.
 7. All prepared chemicals shall be utilized or properly disposed of in a timely manner after the time designated for the execution to occur.
 8. The chemical amounts as set forth in the Chemical Chart are designated for the execution of persons weighing 500 pounds or less. The chemical amounts will be reviewed and may be revised as necessary for an inmate exceeding this body weight.
 9. The Special Operations Team Recorder is responsible for completing the Correctional Service Log, Form 105-6. The Recorder shall document on the form the amount of each chemical administered and confirm that it was administered in the order set forth in the Chemical Chart. Any deviation from the written procedure shall be noted and explained on the form.

D. Movement and Monitoring of Inmate

1. Prior to moving the inmate from the holding cell to the execution table, the Director will confer with the Attorney General or designee and the Governor or designee to confirm there is no legal impediment to proceeding with the lawful execution and there are no motions pending before a court which may stay further proceedings.
2. The inmate may be offered a mild sedative based on the inmate's need. The sedative shall be provided to the inmate no later than four hours prior to the execution, unless it is determined medically necessary.
3. At the designated time, the inmate will be brought into the execution room and secured on the table by the prescribed means with the inmate's arms positioned at an angle away from the inmate's side.
4. The inmate will be positioned to enable the IV Team or the Special Operations Team Leader and the Warden to directly observe the inmate and to monitor the inmate's face with the aid of a high resolution color camera and a high resolution color monitor.
5. After the inmate has been secured to the execution table, the Restraint Team Leader shall personally check the restraints which secure the inmate to the table to ensure they are not so restrictive as to impede the inmate's circulation, yet sufficient to prevent the inmate from manipulating the catheter and IV lines.
6. A microphone will be affixed to the inmate's shirt to enable the IV Team, or the Special Operations Team Leader, to verbally communicate directly with the inmate and hear any utterances or noises made by the inmate throughout the procedure. The Special Operations Team Leader will confirm the microphone is functioning properly, and that the inmate can be heard in the chemical room.
7. The Restraint Team members will attach the leads from the electrocardiograph to the inmate's chest once the inmate is secured. The IV Team Leader shall confirm that the electrocardiograph is functioning properly and that the proper graph paper is used. A backup electrocardiograph shall be on site and readily available if necessary. Prior to the day of and on the day of the execution both electrocardiograph instruments shall be checked to confirm they are functioning properly.
8. An IV Team member shall be assigned to monitor the EKG, and mark the EKG graph paper at the commencement and completion of the administration of the lethal chemical(s).
9. Throughout the procedure, the IV Team Leader shall monitor the inmate's level of consciousness and electrocardiograph readings utilizing direct observation, audio equipment, camera and monitor as well as any other medically approved method(s) deemed necessary by the IV Team Leader. The IV Team Leader shall be responsible for monitoring the inmate's level of consciousness.
10. Closed-circuit monitors will allow witnesses in designated witness room to observe the IV Team's vein assessment and placement of IV catheters in the inmate. In addition, a microphone will be turned on during the IV Team's assessment and placement of IV catheters.

E. Intravenous Lines

1. The Director acting upon the advice of the IV Team Leader shall determine the catheter sites. A femoral central line shall only be used if the person inserting the line is currently certified or licensed within the United States to insert a femoral central line. The IV Team members shall insert a primary IV catheter and a backup IV catheter.

ATTACHMENT D
DEPARTMENT ORDER 710
Page 5 of 7

2. The IV Team Leader shall ensure the catheters are properly secured and properly connected to the IV lines and out of reach of the inmate's hands. A flow of Heparin/Saline shall be started in each line and administered at a slow rate to keep the lines open.
3. The primary IV catheter will be used to administer the lethal chemical(s) and the backup catheter will be reserved in the event of the failure of the first line. Any failure of a venous access line shall be immediately reported to the Director.
4. The IV catheter in use shall remain visible to the Warden throughout the procedure.
5. The Warden shall physically remain in the room with the inmate throughout the administration of the lethal chemical(s) in a position sufficient to clearly observe the inmate and the primary and backup IV sites for any potential problems and shall immediately notify the IV Team Leader and Director should any issue occur. Upon receipt of such notification, the Director may stop the proceedings and take all steps necessary in consultation with the IV Team Leader prior to proceeding further with the execution.
6. Should the use of the backup IV catheter be determined to be necessary, a set of backup chemicals should be administered in the backup IV.

F. Administration of Chemicals

1. At the time the execution is to commence and prior to administering the lethal chemical(s), the Director will reconfirm with the Attorney General or designee and the Governor or designee that there is no legal impediment to proceeding with the execution. Upon receipt of oral confirmation that there is no legal impediment, the Director will order the administration of the chemicals to begin.
2. Upon receipt of the Director's order and under observation of the IV Team Leader, the Special Operations Team Leader will instruct the assigned Special Operations Team member(s) to begin dispensing the lethal chemical(s).
3. Upon direction from the Special Operations Team Leader, the assigned Special Operations Team member will visually and orally confirm the chemical name on the syringe and then administer the full dose of the lethal chemical(s) immediately followed by the Heparin/Saline flush.
4. When three minutes has elapsed since commencing the administration of the lethal chemical(s), the IV Team Leader, dressed in a manner to preserve their anonymity, will enter into the room where the Warden and inmate are located to physically confirm the inmate is unconscious by using all necessary medically appropriate methods. The IV Team Leader will also confirm that the IV line remains affixed and functioning properly.
5. If, after three minutes, the inmate remains conscious, the IV Team shall communicate this information to the Director, along with all IV Team input. The Director will determine how to proceed or, if necessary, to start the procedure over at a later time or stand down. The Director may direct the curtains to the witness viewing room be closed, and, if necessary, for witnesses to be removed from the facility.
6. If deemed appropriate, the Director may instruct the Special Operations Team to administer an additional dose of the lethal chemical(s) followed by the Heparin/Saline flush.

ATTACHMENT D
DEPARTMENT ORDER 710
Page 6 of 7

7. Upon administering the lethal chemical(s) and Heparin/Saline from a backup set, the IV Team shall confirm the inmate is unconscious by sight and sound, utilizing the audio equipment, camera and monitor. The IV Team Leader will again physically confirm the inmate is unconscious using proper medical procedures and verbally advise the Director of the same.
8. When all electrical activity of the heart has ceased as shown by the electrocardiograph, the IV Team Leader will confirm the inmate is deceased and the inmate's death shall be announced by the Director.
9. The Special Operations Team Recorder shall document on the Correctional Services Log the start and end times of the administration of the lethal chemical(s).
10. Throughout the entire procedure, the IV Team members, the Special Operations Team members and the Warden shall continually monitor the inmate using all available means to ensure that the inmate remains unconscious and that there are no complications.

G. Post Execution Procedures

1. Upon the pronouncement of death, the Director shall notify the Governor or designee and the Attorney General or designee via telephone that the sentence has been carried out and the time that death occurred.
2. An IV Team member will clamp and cut the IV lines leaving them connected to the inmate for examination by a Medical Examiner.
3. A Criminal Investigations Unit Investigator and a Medical Examiner will take photos of the inmate's body:
 - While in restraints prior to being placed in the body bag,
 - Without restraints prior to being placed in the body bag,
 - Sealed in the body bag, and
 - A photo of the seal in place on the bag.
4. The inmate's body will be placed on a Medical Examiner's gurney and released into the custody of a Medical Examiner's Office.
5. Once the inmate's body is placed in a Medical Examiner's transport vehicle, it will be escorted off the premises. The Examiner's Office will take the inmate's body to the medical examiner's office designated by the county.

H. Documentation of Chemicals and Stay

1. In the event that a pending stay results in more than a two hour delay, the catheters shall be removed, if applicable, and the inmate shall be returned to the holding cell until further notice.
2. The Correctional Service Logs the list of identifiers and the EKG tape shall be submitted to the Department's General Counsel for review and storage.

ATTACHMENT D
DEPARTMENT ORDER 710
Page 7 of 7

I. Contingency Procedure

1. An Automated External Defibrillator (AED) will be readily available on site in the event that the inmate goes into cardiac arrest at any time prior to dispensing the chemicals; trained medical staff shall make every effort to revive the inmate should this occur.
2. Trained medical personnel and emergency transportation, neither of which is involved in the execution process, shall be available in proximity to respond to the inmate should any medical emergency arise at any time before the order to proceed with the execution is issued by the Director.
3. If at any point any team member determines that any part of the execution process is not going according to procedure, they shall advise the IV Team Leader who shall immediately notify the Director. The Director may consult with persons deemed appropriate and will determine to go forward with the procedure, start the procedure over at a later time within the 24-hour day, or stand down.
4. There shall be no deviation from the procedures as set forth herein, without prior consent from the Director.

J. Debrief and Policy Review

1. The IV and Special Operations Teams will participate in an informal debriefing immediately upon completion of the event.
2. Upon an assignment to a Team, team members shall review Department Order #710, Execution Procedures.
3. Periodically, and in the discretion of the Director, a review of Department Order #710, Execution Procedures along with this attachment may be reviewed to confirm it remains consistent with the law. General Counsel shall advise the Director immediately upon any change that may impact these procedures.
