_____)	

¶1 Petitioner Joseph Wood, a death-sentenced inmate who is scheduled to be executed on July 23, 2014, seeks this Court’s review of the Pima County Superior Court’s ruling below denying him all relief. The petition, filed contemporaneously with this motion, involves numerous procedural issues, several of which are issues of first impression before this Court. In addition, Mr. Wood was required to fully set forth the merits of each claim raise so those claims will be properly exhausted for federal review, should this Court fail to correct the lower court’s errors. To

fully explain the reasons the reasons supporting a grant of review of the lower court decision, additional pages were required.

¶2 Ariz.R.Crim.P. Rule 32.9(c)(1) provides that the petition for review “shall not exceed 20 pages.” Undersigned has attempted to balance that requirement with the urgency of presenting the Petition for Review to this Court. Given the extraordinary circumstances here, including Mr. Wood’s impending execution date, Mr. Wood requests this Court grant him permission to exceed that page limitation to ensure this Court is provided the relevant facts and law needed to address and decide the issues presented here.

Respectfully submitted this 14th day of July, 2014.
