

## U.S. Fish & Wildlife Service - Pacific Region

### *Draft Recovery Plan for Vernal Pool Ecosystems of California and Southern Oregon*

We are providing two versions of the Draft Recovery Plan for Vernal Pool Ecosystems of California and Southern Oregon for your convenience. Each version contains the exact same information, it is just provided in different size files:

- 1) The first option is approximately 30 MB in size and contains the complete text with figures all in one file;
- 2) The second option starts with the Executive Summary which includes a Table of Contents that has blue underlined hyperlinks to each Chapter of the plan. Within each Chapter you will find hyperlinks from each figure title to the various maps and figures.
