OCTOBER 18, VISALIA, CA ONSTAR STOPS A CAR THIEF IN HIS TRACKS.

See it in action

STOLEN VEHICLE SLOWDOWN

THOUSANDS OF VEHICLES RECOVERED

Only OnStar®1 offers the most comprehensive in-vehicle Stolen Vehicle Assistance®2 services available. Using GPS technology OnStar can pinpoint the location of stolen vehicles and then work directly with police to facilitate recovery, using exclusive technologies like **Stolen Vehicle Slowdown®** and **NEW Remote Ignition Block**.

Act quickly so we can, too: Call 1.888.4.ONSTAR (1.888.466.7827) if your vehicle is ever stolen.

NEW REMOTE IGNITION BLOCK & STOLEN VEHICLE SLOWDOWN®: HOW THEY WORK

Introducing **Remote Ignition Block** and **Stolen Vehicle Slowdown**, the newest enhancements to OnStar's industry-leading Stolen Vehicle Assistance service. These technologies help authorities recover stolen vehicles quickly to reduce the risk of damage, and help avoid high-speed chases that can result in injuries and fatalities.

Subscriber reports stolen vehicle to authorities and requests **Stolen Vehicle Assistance** from OnStar.

OnStar uses GPS technology to pinpoint the vehicle's location and provide it directly to authorities.

OnStar sends a **Remote Ignition Block** signal, making it impossible to restart the stolen vehicle's engine once it has been turned off.

If the vehicle is moving and conditions are safe, authorities can request **Stolen Vehicle Slowdown**, where OnStar sends a remote signal to slow the vehicle gradually.

Stolen Vehicle Assistance is standard with an active OnStar subscription. [Find out which vehicles](#) feature new **Remote Ignition Block** and **Stolen Vehicle Slowdown**.

Real People Real Stories

Meet **Louis Lopez**, a student whose stolen vehicle was recovered and [read the stories](#) of law enforcement authorities who experienced the **Stolen Vehicle Slowdown** service.

Louis Lopez

"Stolen Vehicle Slowdown is absolutely valuable."
