About YouTube

Launched in May 2005, YouTube allows billions of people to discover, watch and share originally-created videos. YouTube provides a forum for people to connect, inform, and inspire others across the globe and acts as a distribution platform for original content creators and advertisers large and small.

YouTube is a Google company.

Getting Started

We've put together a step-by-step guide to get you started on YouTube.

Community Guidelines

Read up on our guidelines for participating in the YouTube community.

Brand Guidelines

Guidelines for using the YouTube name and logo

Contact Us

Find contact information for our various departments.

Careers

Want to work at YouTube? Check out our careers page to hear from current employees and find available positions.

Merchandise

Sunglasses, T-shirts, backpacks—we've got a whole online store filled with YouTube merchandise for your purchasing pleasure.
